Mr. Niko Davis  
Manager  
Family Islands Airport Department  
The Airport Authority  
Nassau N. P. Bahamas

Sir

**Ref: Safety Recommendation 20-00003**

The Aircraft Accident Investigation Authority (AAIA) is an independent government agency charged by the Minister for Transport and Housing with investigating every civil aviation accident and incidents in the Bahamas. We determine the probable cause of the accidents and issue safety recommendations aimed at preventing future accidents.

On September 13, 2019, the AAIA was made aware via its voluntary reporting system, a rejected take-off by Bahamasair operating as BHS 383 (LGI-NAS) at the Deadman's Cay Airport. The details of the resulting safety recommendations may be found in the attached report.

The AAIA has noted your response dated February 17, 2020 from the FIAD; therefore, the following safety recommendation classification compliance status has been issued:

SR20-00003    Closed - Acceptable Action<sup>1</sup>

Attached to this email is a complete tracking of all recommendations issued and your organizations responses. As required by the AAIA Legislation, all safety recommendations and their responses must be made available to the public and can be found on our website at <https://www.baaid.org/safety-recommendations>.

Thank you for your cooperation.

Regards,

A handwritten signature in black ink, appearing to be 'Delvin R. Major', with a long horizontal stroke extending to the right.

Delvin R. Major  
Chief Investigator of Air Accidents
